SANDS'S SARSAPARILLA, For the Removal and Permanent Cure of all Diseases arising from anmpure state of the Blood, ori Habitof the System. the operation of this preparation is three-fold. It acts as a tenie, strengthening the digistive power and restoring the appetite, as an aperient, peculiarly suited and gentle in its laxative ef-

feet, and as an antiseptic, purifying the fluids of the body, and neutralizing in the blood the active principle of disease. The many well authenticated cures of Serotola of the most malignant character wrought by Sands' Sar-aparilla, have given it a wide and deserved celebrity. But it is not alone in Scrofula nor in the class of diseases to which it belongs, that this preparation has been tound beneficial. It is a specke in many diseases of the skin, and may be administered with favorable re-ults in all; it also exercises a controlling influence in bilious complaints; and when the system has been debilitated either by the use of powerful mineral madiemes or other causes, it will be found an excellent restorative. The following interesting case is presented, and the reader invit-

New York, April 22, 1845. Messrs. A. B. & D. Sands: Gentlemen: Feeling it a duty due to you and to the community at large, I send you this certificate of the all-healing virtues of your barsaparilia, that others who are now suffering may have their confidence established and use your medicine without delay. I was troubled with a severe ulcer on my ancle, which extended half way up to the knee, discharging very offensive matter, itch ing, burning, and depriving me often of my rest at night, and very painful to bear. I was recommended to use your Sarsaparilla by Mr. James Me-Connell, who had been cured by it, and after using five bettles I was completely cured. I nave de layed sending you this certificate for one year since the cure was effected in order to ascertain with certainty whether tt was a permanent cure, and it now gives me the greatest pleasure to

add that I have neither seen nor feit the slightest re-appearance of it, and that I am entirely well. Yours very truly, SARAH MeINTYRE. 240 Delancy street, New York. The following statement is from a gentleman who is one of the first Druggists in the city of Providence, and from his extensive knowledge of medicines of every kind, and his experience of the effects of Sands' Sarsaparilla, his opinion is one of peculiar value to the afflicted. Sands's Sarsaparilla.-I speak experimentally when I say that this medicine is far more effectual in the cure of chronic or acute theumatism than any other preparation I have ever tested. Havpetite is good, and my strength is rapidly returning. I attribute this healthful change entirely to the use of this potent medicine. most termenting and painful complaint, I cannot refrain from carnestly recommending to such the use of this valuable specifie.
